

Course Syllabus

Econ 200 Introduction to Microeconomics

Instructor: Professor Melissa Knox

Office Hours: Mon 1-3 pm - will be held over Zoom until further notice

Class Meetings: Tuesdays/Thursdays 10 am-11:20 am in Kane 130 and via Panopto Live Stream

Class Attendance: In person attendance not required except for exams

Class Questions: If it's not in the syllabus, the class discussion boards, office hours, and class meetings are the best place to ask questions.

Personal Questions: Send me a message in Canvas for personal inquiries.

COVID-19 Information

Please check frequently to find the most up to date guidance

In ECON 200A, lectures will be offered in-person and via Panopto live stream. They will be recorded and made available for remote viewing. Quiz Sections will be offered in-person. They will not be recorded but materials will be shared on Canvas. Professor Knox's office hours will be offered over Zoom. Assignments must be submitted via Canvas, but exams will be given in-person. Students will only be able to complete the course fully remotely with an official DRS testing accommodation that requires remote testing. All other students can complete everything but the exams fully remotely.

Learning Objectives

- To be able to understand and use microeconomic terminology to solve problems on homework assignments and exams and as they apply to current events.
- To be able to understand and apply the idea that the highest valued alternative foregone is the opportunity cost of any decision

- To be able to understand and apply the idea that individuals and firms make themselves as well-off as possible in a world of scarcity
 - To be able to understand and apply the idea that prices inform decisions about which goods and services are produced in a market economy and how those goods and services are allocated.
 - To be able to understand and apply the idea that government policies and the organization of industries and market affect both production and allocation decisions.
-

Required Materials

The required textbook is Microeconomics, 3rd edition, by Karlan and Morduch. You are also required to purchase the associated access to the publisher's online homework site (MH Connect). I recommend you purchase the bundled ebook and website access via Canvas for the best price. A two week free trial is available for those who are unsure about continuing in the class.

Grading

Grades will be calculated based on the following:

- Exams (60%)
- Homework (12%)
- Writing Assignments (21%)
- Participation (Smartbook) (7%)

Final grades will be curved as necessary to reach a median grade for the class between 2.9 and 3.1. However, in my experience, I do not need to curve grades and often apply a standard conversion where 80-90% is a B+/- and 90-100% is an A+/-.

Important Dates

- Homework is due in MH Connect at 11:59 pm PST every Monday night except the Monday after Exam 1.
- Smartbook reading reviews are due by 10 am every day class meets except exam weeks. They are found in MH Connect and are typically available several weeks in advance of their due date.
- Writing Assignments are due [TBD] at 11:59 pm in Canvas. You may submit these up to one week late with a 5% per day grade penalty.

- Exams are 10/26 & 10/28 and 12/07 & 12/09. You will be expected to take your exam live and in-person during regular class time unless you have a documented disability accommodation for remote testing in place. To reduce room crowding, we will split both exams over two days, with different exams given on each day. If you are assigned a Tuesday exam for exam 1, you will be assigned to Thursday for exam 2.
 - Makeup exams are only given under extreme circumstances and you should notify me the day of the exam if you need a makeup. There will be a makeup exam scheduled on [TBD] that you will be expected to attend, so keep that day open. Note: I do not consider work schedules, travel plans, or time zone difficulties to be extreme circumstances, but suspected infection with COVID-19 is an extreme circumstance. These are non-cumulative exams.
-

Need Help?

Office hours are a time for students to come and ask any questions they have about the class, the assignments, or the homework. Your TA's and I will hold two hours of Zoom office hours per week, and you should make frequent use of them. You can also receive free tutoring from the Department of Economics (via the Economics Undergraduate Board) and we will have a CLUE session for this class.

Your success is important to us - please feel free to reach out to any one of your class leaders for help.

Academic Integrity

Academic integrity is important to me. You are expected to complete your own work for every assignment and exam. You may bring one sheet of notes to the exam, but are not permitted to consult any other outside resources, including discussing the exam with anyone else while you are taking it. Suspected violations of this policy will be taken seriously and reported to the student conduct office. You will also receive a zero for the exam. Additionally, writing assignments will be submitted through a plagiarism checker in Canvas.

Class Rules and Additional Details

Class Format and Weekly Schedule

The class will mainly be conducted via synchronous instruction. However, attendance is not required and you may view the classes live or at a later date (but please view

before attending your Friday quiz section for the best learning experience). There will be Smartbook activities associated with the daily assigned readings (I assign 1-2 chapters per week) and these will be due by 10 am the day the material is assigned and covered in class. That means you should plan to read the chapter before we discuss it in lecture. Teaching Assistant (TA)-lead quiz sections will be held each Friday except exam weeks. You will go over practice problems in these sections and attendance is strongly recommended. Each week, there will be a problem set associated with the readings and lectures will be assigned as homework and due the following Monday at 11:59 pm. CLUE will be held on either Sunday or Monday to help you complete your homework and I will have office hours on Monday afternoons.

Makeup Policies and Flexibility

Your **two** lowest homework scores and **five** lowest Smartbook scores will be dropped before your final grade is calculated. (Note: Smartbook is graded on completion, not accuracy, but you may skip a few.) This is my main makeup policy for these assignments, so please use this policy sparingly. In other words, if you are sick, traveling, or simply forget, you will not be given an extension for your homework or Smartbook. Instead you will be expected to use your dropped score. If you have technical issues with Connect, please contact their tech support asap. I have always found them to be incredibly helpful and responsive, but sometimes it takes time to resolve these issues, so please do not start the homework the night it is due.

Writing assignments can be submitted up to one week late, with a 5% per day grade penalty (i.e. a 7 day late assignment will receive 65% of the score it would have received if it had been turned in before the due date). You will be allowed to makeup exams if you are ill, but I reserve the right to drop your exam score if we are not able to schedule a makeup in a timely manner.

COVID-19 Safety

Properly worn masks are required at all times in my class, even while speaking. Food and drink are not permitted, with the exception of brief sips of water. There are no exceptions to these rules and you will be asked to leave if you cannot follow them.

In the interest of public safety, you are encouraged to take advantage of the class recordings and forgo live class attendance whenever possible. I want to make it especially clear that there will be no penalties for missing class when you are sick, especially if you suspect that you may have COVID.

As much as I would enjoy spending time with you in-person, I don't feel that spending 2+ hours per week with over 500 people is a safe choice at this time, even with masks and vaccines (but please wear your mask and get vaccinated). Personally, I have unvaccinated children who are both vulnerable to COVID and who would need to miss over two weeks of in-person school if I were to contract COVID. However, I am also concerned about our entire university community, including your roommates and family members, as well as the community of people that lives and works near the UW. If you ever have a concern that you might be at risk of spreading COVID to others, please stay home and especially stay away from large gatherings such as this class.

Accommodations

Students who have established services with Disability Resources for Students (DRS) should contact me about their accommodations as soon as possible. Students with disabilities who have not yet established services with DRS should contact them at disability.uw.edu [Links to an external site.](#) to set up an Access Plan.

Washington state law requires that UW develop a policy for accommodation of student absences or significant hardship due to reasons of faith or conscience, or for organized religious activities. The UW's policy, including more information about how to request an accommodation, is available at [Religious Accommodations Policy](#) (<https://registrar.washington.edu/staffandfaculty/religious-accommodations-policy/>) ([Links to an external site.](#)). Accommodations must be requested within the first two weeks of this course using the [Religious Accommodations Request form](#) (<https://registrar.washington.edu/students/religious-accommodations-request/>) ([Links to an external site.](#)).
